

# I'm using the check-in from **Electromaps**

If you want to charge here  
feel free to contact me via the app

During the charging process Please  
use the check-in function of  
Electromaps and leave this card  
visible on the dashboard.

This way Electric car drivers who  
would like to charge could contact  
you via the app.

We thank you for your co-operation.
